

10 November 1972

MEMORANDUM FOR: Executive Director/Comptroller

1. Attached is an "end of tour" report prepared by [ ] at the behest of his parent Division [ ] reflecting on his experiences in Vietnam and the lessons he thinks ought to be learned therefrom. Both he and I would appreciate your reading this work when you get a chance. After you have read it, he would like to discuss it with you, obtain any suggestions you might have and see whether your view of the lessons learned with respect to Agency conduct of paramilitary operations squares with his.

2. After glancing through the report (which I have not had time to read in detail) I feel even more strongly than I did when we chatted the other day about Rudy's manifest qualifications for attending the Naval War College and profiting therefrom, particularly if his next assignment is to be running a branch [ ]

George A. Carver, Jr.  
Special Assistant for Vietnamese Affairs
